Provincial bargaining is fast approaching! The K-12 Provincial Bargaining Committee (PBC) met on May 22 and 23 in Burnaby. We spent these days revisiting and adjusting proposals to ensure that they effectively meet the mandate we have been given by our members.

The bargaining committee is a dynamic group that collectively has many years of knowledge and experience. This will undoubtedly serve the members of our sector well as we prepare for and begin provincial bargaining.

We have been in discussions with BCPSEA (British Columbia Public School Employers' Association) and have 6 tentative bargaining dates during the month of June. We are working to finalize dates and secure locations so that we can begin the collective bargaining process.

Your committee has reviewed and consolidated all submitted survey results. The results provided valuable input and enabled us to draft proposals for bargaining.

With this impending round of bargaining, many elements have been considered and discussed over the last two days. Your committee remains dedicated to achieving the best possible agreement for the K-12 Presidents Council and all K-12 support staff.

As we navigate our way through bargaining, we will provide members with regular updates through bargaining bulletins, emails and phone conferences. If you have questions or comments, please forward them to the committee representative from your region.
